GOAL

I aim to be the best that I can be, and to work harder, to learn faster, to listen closer, to think quicker and to take every possible opportunity to pursue a top flight career in the motorsport industry. I know how much hard work and dedication is needed to succeed in any area of motorsport and I am ready to put in the effort to prove that I have what it takes. I have the focus and determination needed to achieve my ambition of becoming a world class racing driver, and whatever the challenge, I am ready to push myself, my team and my machine to the limit.

SUMMARY

I am a racing driver and an ARDS 'A' Grade instructor with 5 years experience. I have challenged myself to race in the most competitive series I could manage with the available resources and I have won, podiumed or taken pole position in every Championship I have competed in so far. My career highlights include; being named as a 2020 BRDC Rising Star, being named 2018 Top British GT4 Driver by Autosport Magazine, taking maiden wins at both my GT and prototype debuts, taking the maiden European SRO win for the BMW M4 GT4, finishing on the podium at both my Nurburgring 6Hr and 24Hr debuts and being awarded the 2015 RSF MSA Young Driver of the Year.

OBJECTIVE

My objective is to build a world class racing career based on dedication and hard work. I aim to follow my plan to race at International level and then to become a World Champion in two different FIA World Championships.

HISTORY

- 2019 ADAC 24Hr of Nurburgring – 240 Class, BMW M240i
1 race / 3rd place
